SARKER AL RAIAN MERAJ

FULL-STACK WEB DEVELOPER

SUMMARY

Motivated 3rd-year Computer Science student and aspiring Full-Stack Developer with hands-on experience building responsive, user-friendly, and database-driven web applications. Skilled in HTML, CSS, Tailwind CSS, TypeScript, React.js, Next.js, NestJS, and PostgreSQL, with experience developing reusable UI components, REST APIs, and maintainable web solutions. Well-versed in the Software Development Life Cycle (SDLC), project management methodologies, and software quality assurance and testing practices, with practical exposure to requirement analysis, planning, and quality-driven development processes. Strong background in competitive programming, having solved 1000+ problems, alongside experience in software development and research on Bangla healthcare technologies. Also has a strong interest in Machine Learning and Natural Language Processing (NLP), with experience exploring ML and NLP research and data-driven problem-solving. Passionate about writing clean code, solving real-world problems, learning new technologies, and contributing effectively to collaborative development teams.

EDUCATIONAL QUALIFICATION

American International University-Bangladesh (AIUB) **2023 - 2027**
Bachelor of Science in Computer Science and Engineering (CSE)
CGPA: 3.61 / 4.00 · Curriculum: English Version

Shaheed Ramiz Uddin Cantonment College **2019 - 2021**
Higher Secondary Certificate (HSC)
Group: Science · GPA: 5.00 / 5.00

Safiuddin Sarker Academy and College **2019**
Secondary School Certificate (SSC)
Group: Science · GPA: 5.00 / 5.00

PROJECTS

Hostel Management System

Used: C# · SQL · WinForms

- Developed a desktop application for managing students, rooms, staff, and payments.
- Implemented CRUD operations with SQL database integration.
- Designed using OOP principles and a clean modular structure.

Pharmacy Management System

Used: Java · OOP · Desktop Application

- Built a desktop system for managing medicine inventory, sales, and billing.
- Implemented efficient data handling with structured OOP modules.
- Designed intuitive user interfaces for smooth workflow.

FIELD OF INTERESTS

- Software Engineering, Software Project Management, Software Quality Assurance and Testing
- Frontend Development, Backend Development
- Artificial Intelligence (AI) Development, Problem Solving and Algorithm Design

STRENGTHS

- Analytical Thinking · Team Collaboration · Communication (English & Bangla)
- Time Management · Adaptability · Critical Reasoning & Logical Decision-Making
- Competitive Programming Mindset (fast problem solving under pressure) · Algorithmic Thinking
- Project Planning & Documentation · Debugging & Optimization · Quick Learning Ability

EXTRA-CURRICULAR & COMPETITIVE ACHIEVEMENTS

- Codeforces Rating: 1200+
- Participant in ICPC, NCPC
- Experience working on 2 major software projects
